

ASSEMBLY BILL

No. 2891

**Introduced by Committee on Revenue and Taxation (Knox
(Chair), Alquist, Aroner, Ducheny, Honda, and Romero)**

March 9, 2000

An act to amend Sections 75.11, 75.21, 532, 731, 732, 733, 746, 748, 749, 758, and 759 of the Revenue and Taxation Code, relating to taxation.

LEGISLATIVE COUNSEL'S DIGEST

AB 2891, as introduced, Committee on Revenue and Taxation. Property taxation.

Existing law with respect to supplemental property tax assessments specifies various limitation periods for assessments on the supplemental tax roll. Existing law also provides that these limitations periods do not commence unless certain filings or transmittals occur.

This bill would eliminate this latter provision and would require, if a change in ownership is unrecorded and a change in ownership state or preliminary change in ownership report is not filed, that a supplemental assessment be made no later than the 8th July 1 following the July 1 of the assessment year in which the event giving rise to the supplemental assessment occurred. This bill would also specify that there is no limitations period upon the making of a supplemental assessment if a statutory penalty for fraud is required to be added to that assessment.

Existing law with respect to supplemental property tax assessments provides for the application of property tax

exemptions to those assessments provided, among other things, that, where the assessee is required to file an application for exemption, the assessee files an application for exemption for the next following property tax lien date.

This bill would, subject to certain exceptions, require, in those instances in which the filing of an application for exemption is required, that an assessee file an exemption application or an amendment to a current exemption application on or before the 30th day following the date of a supplemental assessment notice in order to receive a full exemption with respect to that assessment. This bill would also specify partial exemption percentages to be applied against a supplemental assessment, in the case in which a timely application for exemption is not filed, for various specified property tax exemptions. This bill would also specify that the filing of an exemption claim is not required with respect to the supplemental tax roll if a supplemental assessment results from (1) the completion of new construction upon property that has previously been exempted on either the current, regular property tax roll or the regular property tax roll being prepared, or (2) a change in ownership of property where the purchaser of that property owns and uses or uses, as applicable, property that has been granted any of certain property tax exemptions on either the current regular property tax roll or the regular property tax roll being prepared, and the newly acquired property is put to the same use.

Existing property tax law generally requires that an escape assessment be made within 4 years after July 1 of the assessment year in which the subject property escaped taxation or was underassessed, but instead specifies a 6-year limitations period for the making of an escape assessment to which is added a statutory penalty for evasion or misrepresentation with respect to taxable personal property. Existing property tax law provides that these limitations periods do not commence until July 1 of the assessment year in which either a change in ownership statement or a preliminary change in ownership report is filed with respect to the event giving rise to the escape assessment.

This bill would eliminate these latter provisions with respect to the commencement of limitations periods for the making of an escape assessment. This bill would also specify, as an additional exception to the general 4-year limitations period for making an escape assessment, an 8-year limitations period for an assessment resulting from an unrecorded change in ownership for which neither a change in ownership statement or preliminary change in ownership report is filed with respect to the event giving rise to the escape assessment or underassessment. This bill would further require that an escape assessment be made for each year that a property escaped taxation or was underassessed if either a statutory penalty for fraud is required to be added to an escape assessment or a change in ownership statement with regard to a legal entity is not filed.

Existing property tax law with respect to assessments made by the State Board of Equalization provides for the assessment of property, including the assessment of property on a unitary basis in the case in which properties are operated as a unit in a primary function of the assessee. Existing law also requires the board to mail a notice of a state assessment between the first day of January and the first day of June in the case of a unitary assessee, and between the first day of January and the last day of June in the case of a nonunitary assessee. Existing law requires each of these notices to advise the assessee with respect to a declaration of intent to petition for reassessment, and also establishes procedures and deadlines for the appeal of state assessments.

This bill would eliminate the filing of declarations of intent to petition for reassessment of state-assessed property, whether that property is assessed on a unitary or nonunitary basis. This bill would allow a petition for reassessment of unitary property to be filed no later than July 20 of the year of the assessment notice, and would allow a petition for reassessment of nonunitary property to be filed no later than September 20 of the year of the assessment notice. This bill would also establish a 50-day deadline for filing a petition for reassessment in the case of an escape assessment. This bill would also require the mailing of notice of a nonunitary

assessment by the last day in July, rather than the last day of June.

Existing property tax law with respect to assessments made by the State Board of Equalization requires the board to allocate assessed values among the counties in which the assessed properties are located, and requires the board, upon or prior to its completion of its assessment roll, to mail notice to each assessee of the allocated assessed values of the assessee's unitary properties. Existing law requires this notice to specify a 5-day period from the date of mailing of the notice for the assessee to file a petition for correction of these allocations.

This bill would require the board to mail notice to an assessee of allocated assessed values no later than June 15 and require that notice to advise the assessee that a petition for correction may be filed no later than July 20 of the year of that notice. This bill would also require the board to notify an assessee of a hearing on a petition for correction of an allocated assessment no less than 10 working days, rather than 5 days, in advance of the hearing. This bill would further require that a petition for correction of an allocated assessment be determined by December 31, rather than July 1.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 75.11 of the Revenue and
2 Taxation Code is amended to read:
3 75.11. (a) If the change in ownership occurs or the
4 new construction is completed on or after January 1 but
5 on or before May 31, then there shall be two supplemental
6 assessments placed on the supplemental roll. The first
7 supplemental assessment shall be the difference between
8 the new base year value and the taxable value on the
9 current roll. In the case of a change in ownership of the
10 full interest in the real property, the second supplemental
11 assessment shall be the difference between the new base
12 year value and the taxable value to be enrolled on the roll

1 being prepared. If the change in ownership is of only a
2 partial interest in the real property, the second
3 supplemental assessment shall be the difference between
4 the sum of the new base year value of the portion
5 transferred plus the taxable value on the roll being
6 prepared of the remainder of the property and the
7 taxable value on the roll being prepared of the whole
8 property. For new construction, the second
9 supplemental assessment shall be the value change due
10 to the new construction.

11 (b) If the change in ownership occurs or the new
12 construction is completed on or after June 1 but before
13 the succeeding January 1, then the supplemental
14 assessment placed on the supplemental roll shall be the
15 difference between the new base year value and the
16 taxable value on the current roll.

17 (c) If there are multiple changes in ownership or
18 multiple completions of new construction, or both, with
19 respect to the same real property during the same
20 assessment year, then there shall be a net supplemental
21 assessment placed on the supplemental roll, in addition to
22 the assessment pursuant to subdivision (a) or (b). The net
23 supplemental assessment shall be the most recent new
24 base year value less the sum of (1) the previous entry or
25 entries placed on the supplemental roll computed
26 pursuant to subdivision (a) or (b), and (2) the
27 corresponding taxable value on the current roll or the
28 taxable value to be entered on the roll being prepared, or
29 both, depending on the date or dates the change of
30 ownership occurs or new construction is completed as
31 specified in subdivisions (a) and (b).

32 (d) ~~No~~ *(1) Except as otherwise provided in*
33 *paragraph (2), no* supplemental assessment authorized
34 by this section shall be valid, or have any force or effect,
35 unless it is placed on the supplemental roll on or before
36 the applicable date specified in ~~paragraph (1) or (2),~~
37 *subparagraphs (A), (B), or (C) as follows:*

38 ~~(1)–~~

39 (A) The fourth July 1 following the July 1 of the
40 assessment year in which either a statement reporting the

1 change in ownership was filed pursuant to Section 480,
2 480.1, or 480.2, a preliminary change in ownership report
3 was filed pursuant to Section 480.3, or the new
4 construction was completed.

5 ~~(2)–~~

6 (B) The sixth July 1 following the July 1 of the
7 assessment year in which either a statement reporting the
8 change in ownership was filed pursuant to Section 480,
9 480.1, or 480.2, a preliminary change in ownership report
10 was filed pursuant to Section 480.3, or the new
11 construction was completed, if the penalty provided for
12 in Section 504 is added to the assessment.

13 (C) *The eighth July 1 following the July 1 of assessment*
14 *year in which the event giving rise to the supplemental*
15 *assessment occurred, if the change in ownership or*
16 *change in control was unrecorded and a change in*
17 *ownership statement, required by Section 480, or a*
18 *preliminary change in ownership report, as required by*
19 *Section 480.3, was not timely filed.*

24 For the purposes of this subdivision, “assessment year”
25 means the period beginning annually as of 12:01 a.m. on
26 the first day of January and ending immediately prior to
27 the succeeding first day of January. ~~No limitations period~~
28 ~~specified in paragraph (1) or (2) shall commence unless~~
29 ~~the filing or transmittal specified in the relevant~~
30 ~~paragraph has been completed.~~

31 (e) If, before the expiration of the applicable period
32 specified in subdivision (d) for making a supplemental
33 assessment, the taxpayer and the assessor agree in writing
34 to extend the period for making a supplemental
35 assessment, correction, or claim for refund, a
36 supplemental assessment may be made at any time prior
37 to the expiration of that extended period. The extended
38 period may be further extended by successive written
39 agreements entered into prior to the expiration of the
40 most recent extension.

SEC. 2. Section 75.21 of the Revenue and Taxation Code is amended to read:

75.21. (a) Exemptions shall be applied to the amount of the supplemental assessment, provided that ~~the~~ *all of the following are true:*

(c) (1) *If this division requires the filing of claims for exemption, any person claiming to be eligible for an exemption to be applied against the amount of the supplemental assessment shall, except as otherwise provided in subdivision (d) or (e), file a claim or an amendment to a current claim, in that form as prescribed by the board, on or before the 30th day following the date of notice of the supplemental assessment, in order to receive a 100 percent exemption.*

(2) *With respect to property as to which the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, or welfare exemption was available but for which a timely application for exemption was not filed, the following amounts shall be canceled or refunded:*

15 *veterans' organization exemption was available, Section*
16 *254.5, other than the specified dates for the filing of*
17 *affidavits and other acts, applies to the application of*
18 *those exemptions against a supplemental assessment.*

19 *(4) For property for which the veterans',*
20 *homeowners', or disabled veterans' exemption was*
21 *available but for which a timely application for*
22 *exemption was not filed, that portion of tax attributable*

7 *(d) For purposes of this section, any claim for the*
8 *homeowners' exemption, veterans' exemption, or*
9 *disabled veterans' exemption previously filed by the*
10 *owner of a dwelling, granted and in effect, constitutes the*
11 *claim or claims for that exemption required in this*
12 *section. In the event that no claim for the homeowners'*
13 *exemption, veterans' exemption, or disabled veterans'*
14 *exemption is in effect, a claim for any of those exemptions*
15 *for a single supplemental assessment for a change in*
16 *ownership or new construction occurring on or after June*
17 *1, up to and including December 31, shall apply to that*

21 *to and including May 31, one for the current fiscal year*
22 *and one for the following fiscal year, shall apply to those*
23 *assessments. In either case, if granted, the claim shall*
24 *remain in effect until title to the property changes, the*

26 *place of residence on the lien date, or the property is*
27 *otherwise ineligible pursuant to Section 205, 205.5, or 218.*

28 *(e) Notwithstanding subdivision (c), both of the*
29 *following apply:*

30 *(1) No additional exemption claim is required to be*
31 *filed until the next succeeding lien date if a supplemental*
32 *assessment results from the completion of new*
33 *construction on property that has previously been*
34 *granted exemption on either the current roll or the roll*
35 *being prepared.*

36 *(2) No additional exemption application is required to*
37 *be filed until the next succeeding lien date if a*
38 *supplemental assessment results from a change in*
39 *ownership of property where the purchaser of the*
40 *property owns and uses or uses, as the case may be, other*

1 *property that has been granted the college, cemetery,*
2 *church, religious, exhibition, veterans' organization, free*
3 *public libraries, free museums, or welfare exemption on*
4 *either the current roll or the roll being prepared and the*
5 *property purchased is put to the same use. If a timely*
6 *application for exemption is not filed on or before the*
7 *next succeeding lien date, then the provisions of*
8 *paragraph (1) of subdivision (c) apply. In all other*
9 *instances where a supplemental assessment results from*
10 *a change in ownership of property, an application for*
11 *exemption shall be filed pursuant to subdivision (c).*
